### A little about the 24k Music Network...

The 24k Music Network is network programming for an international audience of college students and other young adults. The shows are available via satellite and aired through our syndication of over 450 college radio stations across the US and Canada. In 2009/2010 we are expanding into several educational institutions in Europe, Asia and the Pacific Rim.

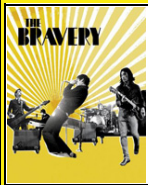

The show on the network "Welcome To The World" features the best of pop, rock, jazz, dance and world music.

Monthly shows consist of interviews with edgy and popular bands and artists which include in-studio live performances, recorded audio and music videos

### Upcoming shows
